

Wood's Window Sealing Kit

Sealing kit for portable AC units.
For homes and offices.

- 4 m long and 39 cm wide – fits most windows
- Easy installation between window and frame
- Fits all portable AC units with an exhaust hose
- Adjustable zip opening – adapts to hose diameter and nozzle
- Prevents air from entering the room
- Also stops dust, dirt and insects

Wood's Window Sealing Kit is the smart accessory that maximises the cooling capacity of your portable AC. With a length of 4 m and a width of 39 cm, it fits most windows and works with all portable AC models. The kit is very easy to install and the adjustable zip opening allows the kit to be easily adapted to the size of the hose and prevents warm air, dirt and insects from entering.
