Wood's Door Sealing Kit

Sealing kit for portable AC units. For homes and offices.

- **560 cm long – designed for doors and large windows**
- **Easy installation with Velcro between the door/window and frame**
- **Fits all portable air conditioners with one exhaust hose**
- **Adjustable zip opening – adapts to hose diameter and nozzle**
- **Prevents warm air from entering the room**
- **Also stops dust, dirt and insects**

Wood's Door Sealing Kit is the perfect accessory for portable AC units in rooms with doors or large windows. With a length of 560 cm, the kit effectively seals around the exhaust hose and prevents warm air, dust and insects from entering. The adjustable zip opening makes it easy to adapt to different hose sizes. Fits all portable AC models with an exhaust hose and can be installed quickly without complicated procedures.
