

Wood's Skylight (Roof) Sealing Kit

Sealing kit for portable AC units. For homes and offices.

- Designed for skylights (roof windows) with a twist function (opens in the middle)
- Two 2-metre pieces (39 cm wide) – one for the upper part of the window and one with a zip for the lower part
- Easy installation without complicated procedures
- Fits all portable air conditioners with an exhaust hose
- Prevents warm air from entering the room
- Also stops dust, dirt and insects

Wood's Skylight Sealing Kit is the smart accessory for portable AC units with skylights. The kit consists of two 2-metre pieces, one of which is mounted in the upper part of the window and the other, with a zip, in the lower part. Together, they effectively seal around the exhaust hose, preventing hot air, dust and insects from entering. Fits all portable AC models with an exhaust hose and is easy to install.
