- **2 filters per pack – replace at least once a year**
- **Extends the warranty up to 6 years upon registration and annual filter replacement**

Wood's Vienna HSW100 replacement filters (2-pack) are specially developed original filters for the Vienna HSW100 humidifier. They are made of high-quality wood pulp paper with a wax cake design that provides maximum water absorption and humidification. The filters are antibacterially treated and have a layer of carbon that absorbs odours, providing fresher and cleaner indoor air. Replace at least once a year for optimal performance, and if you have registered your Vienna at [warranty-woods.co.uk](http://warranty-woods.co.uk), you can extend the warranty up to 6 years by replacing the filter at least annually
