

Wood's Airmaster

WOZ 500

Professional ozone generator for
refuse rooms, storage and
industrial spaces

- Adjustable ozone production 5–500 mg/h (1–100%)
- Ozone tube technology – reliable and long service life
- Digital control with interval and 24-hour timer
- Hose connection for hard-to-reach areas (hose optional)
- Robust, easy-to-use and energy-efficient design
- Developed and manufactured in Sweden

Wood's Airmaster WOZ 500 is a Swedish-made ozone generator with ozone tube technology, developed to remove unpleasant odours in everything from refuse rooms and recycling stations to hotel rooms, storage spaces and car parks. With adjustable ozone production up to 500 mg/h, digital control and built-in safety features, it effectively eliminates mould and persistent odours. The WOZ 500 is robust, energy-efficient and easy to use – with a carrying handle, wall mounting and the option of hose connection.

Wood's article number: WOZ500

Technical specifications

Ozone production	5-500 mg/h
Fan capacity	116 m ³ /hour
Technique	Ozone pipe
Timer	Yes
Hose coupling	Yes (not included)
Digital Display	Yes
Power Consumption	–
Net Weight	3 kg
Dimensions (H x W x D)	270 x 180 x 160
Main material	Metal
Power Supply	100-230 V
EAN	7332857501540
Article number	WOZ500
