

Nipple and 2 metre silicone hose for WOZ 400, 500, 2000, 4000

Silicone hose for ozone generators for
hard-to-reach areas.

- Complete set with nipple and 2 m silicone hose
- Suitable for WOZ 400, 500, 2000, 4000 and BLC 500-D, 2000-D, 4000-D
- Leads ozone to hard-to-reach areas
- Used for ventilation, water purification and air conditioning systems in cars
- Flexible and durable silicone for long life
- Easy to install on Wood's Airmaster with ozone tube

The nipple and 2-meter silicone hose are practical accessories for Wood's Airmaster with ozone tube. Perfect for directing ozone directly to hard-to-reach areas such as ventilation, partition walls, crawl spaces, or air conditioning systems in cars. The set fits models WOZ 400, WOZ 500, WOZ 2000, WOZ 4000, BLC 500-D, BLC 2000-D, and BLC 4000-D. Easy installation and flexible silicone for safe use.
