

Ceramic plate Wood's Airmaster WOZ 100

Ceramic plate for effective ozone
production

- Suitable for Wood's Airmaster WOZ 100 (formerly BL 100)
- The ceramic plate is a wear part
- Recommended replacement at least once a year
- Ensures effective ozone production
- Easy to replace when necessary
- When replacing, the ozone generator should be cleaned

The ceramic plate for Wood's Airmaster WOZ 100 is an original spare part for the WOZ 100 ozone generator (formerly BL 100). The ceramic plate is a wear part that loses its effectiveness over time and should therefore be replaced at least once a year. When replacing, it is also recommended to clean the ozone generator to ensure optimal performance and long service life.
