Fits all Wood’s AC Cortina AirSwitch models

- **Original HEPA H11 filter for Wood’s AC Cortina AirSwitch.**
- **Fits all AirSwitch models.**
- **Effectively captures pollen, dust, mold spores, and other pollutants.**
- **Improves air quality and creates a cleaner indoor environment.**
- **Extends the warranty up to 6 years with annual filter replacement and product registration.**

The Wood’s AC Cortina AirSwitch HEPA filter is an original filter designed for all AirSwitch models. The high-performance HEPA H11 filter captures pollen, dust, mold spores, and other airborne particles, giving you a cleaner and healthier indoor environment. Replace the filter at least once a year to maintain maximum purification efficiency. With annual filter replacement and registration of your AirSwitch, the warranty is extended up to 6 years.
