Wood's Small Window Sealing Kit (Thermal)

Thermal sealing kit for portable AC units. For homes and offices.

- **Improved cooling capacity – keeps warm air out and cool air in.**
- **Also fits portable AC units with double hoses.**
- **Thermal fabric provides better insulation and energy efficiency.**
- **Easy installation on smaller windows.**
- **Stops dust, dirt and insects from entering.**

Wood's Small Window Sealing Kit is a compact and smart accessory that maximises the effect of your portable AC. The kit is 200 cm long and made of thermal fabric that effectively keeps warm air out and cool air in. With four runners on the zip, it can be used for both one and two exhaust air hoses (AC Cortina AirSwitch). Fits all portable AC models and is easy to install on smaller windows.
