- **Pleated design – maximum water absorption and humidification effect**
- **Antibacterial treatment for hygienic air humidification**
- **2 filters per pack – replace at least once a year**
- **Extends the warranty up to 6 years upon registration and annual filter replacement**

Wood's Geneva HSW90 replacement filters (2-pack) are specially developed original filters for the Geneva HSW90 humidifier. They are made of high-quality material with a pleated design that provides maximum water absorption and humidification. The filters are antibacterially treated to prevent bacteria from forming in standing water. Replace at least once a year for optimal performance. If you have registered your Geneva HSW90 at [warranty-woods.com](https://warranty-woods.com/), you can extend the warranty up to 6 years by replacing the filter at least once a year.
