

Dehumidifier DS15F

Wood's®

For crawl spaces, garages, cellars, and basements.

Wood's DS15F is a robust and reliable dehumidifier, built to handle demanding environments such as crawl spaces, garages, and cellars. Its powerful air flow ensures quick and efficient dehumidification, which prevents mould from forming. You also reduce the risk of getting mite and other fungus attacks, creating a healthier and more pleasant indoor air.

Wood's DS15F

Wood's DS15F is easy to install and operate, and will quickly lower the ambient humidity and remove mildew and moisture. The DS15F has a spacious water bucket, and you can also easily attach a water hose for direct drainage of the water. This way, you don't have to empty the water bucket. Wood's DS15F will run only when needed, and automatically shut off and restart depending on the ambient humidity. This is the most energy saving and efficient way to remove excess moisture and bad odour. The DS15F is one of Wood's all-time best sellers and will run without trouble for years to come.

Advantages:

- For crawl spaces, attics, laundry rooms, cellars etc.
- Removes excess moisture and bad odour
- IP-rated for tough environments
- Hose connection for direct drainage
- Automatic defrost
- Easy to move and install
- Runs only when needed
- Generates more heat than it consumes power
- The unique SMF-filter cleans the air
- Energy efficient and powerful
- Up to 6 years warranty

Specifications

Max. working area	100m ²
Recommended area	10 - 50 m ²
